## Case series using Neauvia technologies and fillers

### REPORT SUMMARY

#### PATIENT

This case series demonstrates a multimodal approach to facial rejuvenation using Neauvia technologies. A 53-year-old female (Fitzpatrick III) with lower face sagging.

#### TREATMENTS

She was treated with **Neauvia Intense** and **Neauvia Stimulate** fillers, achieving improved contour and elasticity after one session. A 40-year-old female

(Fitzpatrick II) underwent two **Plasma IQ** sessions for eyelid laxity, showing firmer, smoother skin.

#### RESULTS

Together, the series illustrates natural, long-lasting results with enhanced texture and minimal downtime.
