Clinical case: integrated protocol with Neauvia

REPORT SUMMARY

PATIENT

A 52-year-old female patient presented with facial volume loss, skin laxity, deep folds, and dehydration.

TREATMENTS

Treatment combined **Neauvia Stimulate** (2 ml, retrograde fanning in midface), **Neauvia Intense LV** (1.5 ml, deep bolus and threading at jawline and nasolabial folds), and **Neauvia Hydro Deluxe**

(2 ml, papular injections for hydration). Sessions were staged to restore contours, stimulate collagen, and enhance skin quality.

RESULTS

The protocol achieved natural rejuvenation with improved firmness, elasticity, and high patient satisfaction.

Neauvia products are for trained experts only. Use must follow approved indications and the Instructions for Use (IFU) in accordance to applicable laws and regulations in each country. Physicians are solely responsible for any treatments outside these conditions. The results shown are specific to an individual treatment plan. Treatment decisions must be adapted to each patient, who may respond differently based on numerous factors. Outcomes are variable and not guaranteed.
